## Presente

I sincerely appreciate the opportunity to offer my services in the field of web development and IT. My objective is to provide solutions that enhance your company's online presence.

Below, you will find the details of my offer. I am committed to delivering a solution that not only meets your expectations but also fosters a long-term business relationship.

## Full Page Website

Our approach focuses on providing an engaging and professional digital experience, allowing visitors to get to know your company and facilitating contact. Below are the essential modules that make up our solution:

- **Home Page**
- **About Us Section**
- **Product/Service Catalog**
- **Customer Testimonials/Reviews**
- **Image and/or Video Gallery**
- **News or Blog Section**
- **Contact Form**
- **Social Media Integration**

We hope you find this offer appealing and look forward to contributing to the growth of your company. Please feel free to reach out to discuss any aspects or customize modules to meet your specific needs.

# Website Development and Hosting

## Includes:

- **Website Style:** MULTIPAGE design with up to 7 main pages.
- **Domain:** .COM domain (e.g., [www.thesite.com](http://www.thesite.com)), connected to the client's current domain. If no domain is available, the default host domain will be assigned.
- **Security Protocol:** HTTPS implementation for site security.
- **Custom Web Development:** Website build and design tailored to the company's identity.
- **Image and Video Gallery:** Multimedia section for photos and videos to showcase the brand's offerings and personality.
- **Contact Form:** Custom form to facilitate visitor communication.
- **Website Sections:** Up to 4 sections per page to organize content in a structured manner.
- **Default Host Management:** Basic hosting configurations.
- **Content Editing Platform:** Administrator access for independent content editing.
- **Additional User:** Access for an additional user to make modifications on the site.
- **API Integration:** Integration of up to 2 external APIs, subject to API complexity.
- **Version Control:** Web versioning for up to 2 years, enabling content recovery or restoration if needed.

**Tel: (506) #6296 1935**

**Correo: [lcastros@ucenfotec.ac.cr](mailto:lcastros@ucenfotec.ac.cr)**

#### **Does Not Include:**

- **Email Accounts:** Costs associated with corporate email accounts (managed separately if required).
- **Advanced Subdomain Control:** Subdomain setup (can be added, but excludes additional configuration).
- **Database Management:** Database management and control are not included.
- **Host Protection Services:** Specific host protection services are not included.

#### **Total Costs:**

- **Website Development:** \$1500 (one-time payment).
- **Web Hosting:**
  - If a specific host is requested, costs will be managed and covered by the client.
  - Otherwise, the host cost is \$25 per month.

## Payment Terms

A 50% initial deposit of the total cost is required to begin website development, payable to a bank account provided. The remaining 50% is due upon final delivery of the website, ensuring client satisfaction with the delivered product.

***Correo: lcastros@ucenfotec.ac.cr***

## Website Maintenance

Website maintenance is not included in the initial development cost. We offer the following options to keep your site updated and functioning well:

- **Free 1-Month Maintenance:** Includes support and basic maintenance during the first month after website delivery.
- **Monthly Maintenance Plan (optional):** Designed for self-managed content platforms. Includes minor updates, content adjustments, and functionality review. Cost: \$25/month.
- **Additional Developments and Maintenance:** If additional modifications or developments beyond basic maintenance are required, these will be quoted separately based on complexity and specific needs.

If you agree, please sign the following document.
